LANCELOT CLASS

My Encyclopedia of Very Important Sport is a vibrant text that promotes curiosity with its unique approach to the subject of sport. Combining facts and figures with the inspiring stories of sporting legends and icons.

It is full of fun facts about a range of popular sports such as football, karate, skiing and gymnastics, as well as ones you might never have heard of like cheese rolling!

Lancelot class loved reading this text in class. They have created their own blog posts about a sport that particularly interested them and researched to create a fact file of their own. It's been lovely to see all children find a love of reading in non-fiction as well as fiction. They also enjoyed being able to read about the individual athletes and even recognised a few!
